choosing Pi Beta Phi. Her daughter, wife of Major Snyder, of Fort Sheri-  
dan, is also a graduate of Northwestern. Another daughter, Esther, gradu-  
ated from Northwestern last year and was voted the prettiest girl in her  
class.

VICE CRUSADES  
STIR TWO CITIES

Brig. Gen. Butler Cleaning  
House In Philadelphia;  
Cleveland Busy.

Philadelphia, Jan. 9.—A "leath-  
erneck" turned "copper"—and today  
Philadelphia's nationally famous ten-  
derloin is closed. Speakeasies are  
locked; brothels have moved out;  
bookmakers have sought other climes.  
Vice has capitulated.

When Brig. Gen. Smedley D. Butler  
of the United States Marines, Phila-  
delphia's new director of public safety,  
loined by President Coolidge for one  
year for an attack on the city's vice  
and crime, "turned in" at dawn today,  
the city was cleaner than it has been  
for years.

The exodus of crime was in full  
swing at daylight. Two of the city's  
most notorious gamblers caught a  
boat for Havana during the night.  
Scores of "booze joints" displayed "for  
rent" signs for the first time in years.  
The old eighth ward, made famous in  
song and story was practically de-  
serted.

"But I have only started," Gen. But-  
ler declared as he retired to the army  
cot he had ordered placed in his of-  
fice at city hall. "Philadelphia, like  
Rome, cannot be cleaned in a day."  
The marine copper declared read  
war today.

"I have given the bootlegger, the  
harlot and the drug peddler 48 hours  
to get out of town," Gen. Butler said.  
"Midnight tonight will be the zero  
hour. After that axe squads will bat-  
ter down doors and the patro wagon  
will run its wheels off if necessary."

Cleveland, Jan. 9.—Safety Direc-  
tor Barry's anti-gambling edict has  
behind it the full force of the city ad-  
ministration headed by City Manager  
William R. Hopkins. It was indicated  
today, as Chief of Police Jacob Graul  
went along to inspectors, deputy  
inspectors, captains, lieutenants, ser-  
geants and plain "cops" that "gam-  
bling must go" and that no man had  
the "influence" to permit him to con-  
tinue unmolested.

Dry Agent Whose Raids Net  
275 Arrests Resents

SHERIFF TAKES NO  
CHANCES HE SAYS

Official Paints a Vivid Pic-  
ture Of The State Of  
Lawlessness.

Marion Ill., Jan. 9.—Immediate with-  
drawal of the state militia from Wil-  
liamson county was forecast today  
by S. Glenn Young, prohibition agent  
under whose immediate supervision  
the recent sweeping liquor raids were  
conducted in Williamson county  
which netted 275 arrests and the  
seizure of large stocks of wet goods.

"There is no necessity for the  
troops here," Young declared. "The  
whole trouble is that Sheriff George  
Galligan misrepresented facts to the  
governor in requesting that national  
guard units be sent here."

"I have been in communication  
with Gov. Len Small and have as-  
sured him that the troops will be re-  
moved today," Young asserted.

A canvass today of Marion's promi-  
nent citizens which included two  
leading ministers, the school superin-  
tendent and a railroad superintendent  
showed that public sentiment was  
that no emergency existed for the  
ordering of troops to Marion.

"Our raids on liquor violators will  
continue," Glenn Young said. "We  
will fight the lawless elements in  
this county until it is a clean county."  
Asked how many men he had at his  
disposal, Young replied:

"There are 10,000 citizens in Frank-  
lin and Williamson counties, who  
have pledged their support to restore  
law enforcement."

Sheriff Galligan said he was  
young drew a vivid picture of the  
state of lawlessness that existed in  
Williamson county before the raids  
were inaugurated.

Bootlegging and gambling was ram-  
pant all over the county, until the  
law enforcement sentiment crystallized  
in the formation of a "law and  
order league of Williamson county,"  
which was said to have the support  
of the Ku Klux Klan.

Council Facing Big Shortage  
In Six Months Appropriations

GRIFFITH, TAKEN TO GIRL'S  
VAULT, DENIES HE'S GUILTY,  
FAILING TO SHOW EMOTION

Canton, Jan. 9.—The tomb's silence  
and the peace of the dead was dis-  
turbed here last night in an attempt  
to solve the mystery surrounding the  
death of pretty 19-year-old Ruth  
Griffith, whose body was found dead  
in the Richville-Reedburn rd. near  
here last Wednesday night.

Joseph E. Griffin, president of the  
United Machine and Mfg. Co., held on  
a "suspicion charge" in connection  
with the mystery was taken to the  
vault where the girl's body lay; and  
forced to answer the rapid-fire ques-  
tioning of a battery of detectives.

Throughout the ordeal Griffith held  
up courageously. He denied that he  
had the girl in his car last Wednes-  
day night. The detectives repeatedly  
searched on lights, revealing the fea-  
tures of the girl's face who lay upon  
the bier, cold in death.

Griffith, each time the body became  
visible, dropped his head and bit his  
lips as he was assailed with the  
sassing questions of his questioners.  
Griffith also was ordered to drive  
the car over the route which it  
is believed an unidentified machine  
took carrying the lifeless body of the  
girl. Authorities said he showed no  
emotion when ordered to stop the car  
at the point where the body was  
found in a heap in the middle of the  
highway.

Upon return at Central police head-  
quarters Griffith was again grilled.

Griffith was taken to the girl's  
vault, where he was held for several  
hours. He was then taken to the  
police station, where he was held  
for several hours more.

Griffith was then taken to the

ONLY \$19,913 IS  
AVAILABLE, CITY  
AUDITOR REPORTS

City's Finances Require a  
Cut Of \$10,000 In Depart-  
mental Budgets.

FINES IN MAYOR'S  
COURT WILL HELP

Sinking Fund Also Short Of  
Requirements To Re-  
tire Bonds.

There is a total of \$19,913.57 avail-  
able in city funds and from taxation  
which city council can use for its six  
months' appropriations the annual  
report of the city's books by Auditor  
John S. McNutt reveals.

The appropriation committee meet-  
ing this week with Clerk James A.  
Probert, has been working on the  
departmental appropriations which  
will be submitted at a special meet-  
ing of Council Friday night.

In addition to the total now avail-  
able, the city will receive \$18,000 for  
its sinking fund. The city actually  
will use \$23,900 the first six months  
to redeem bonds and coupons, but  
there is a balance in the fund which  
has not yet been ascertained. The  
total amount, however, will not be  
quite sufficient to take care of all  
bonds that expire.

Last year there was available from  
taxation and other sources for the  
six months appropriation about \$39-  
000. Auditor McNutt warned of the  
expected shortage last week when he  
told council that the city would not  
receive near as much as it did last  
year from taxes.

This means that the general bud-  
get must be approximately \$10,000  
less than last year. How council  
will meet this situation is as yet a  
mystery.

One source of revenue is from  
fines assessed in mayor's court. The  
mayor's fines for the first half of 1923  
totalled \$4,533.14, hardly a drop in  
the bucket in comparison with the  
need this year.

Amount Available  
The amount now available is di-  
vided into the following accounts:  
General fund—From taxation, \$1-  
446.26, all other sources, except fines,  
\$867.50, cash on hand, \$697.41, total  
of \$2,948.67. (Fines for first half of  
1923 totalled \$4,533.14.)  
Safety fund—From taxation, \$338.78,  
other income \$150, cash \$43.58, total  
\$4,936.36.  
Health fund—From taxation, \$567-  
75, other income, about \$375, cash,  
\$59.62, total \$1,302.37.  
Service fund—From taxation, \$3-  
254.07, other income, \$350, cash, \$23-  
70, total \$3,606.44.  
Hospital fund, from tax on \$723-  
12, no cash on hand, total \$723.12.  
Park fund—From taxation, \$216.93,  
cash \$12.50, total \$229.43.  
Auto fund—From taxation, cash  
\$1,671.18, estimated receipts, licenses  
\$4,000, total \$5,671.18.  
Street cleaning, receipts \$900. This  
account, however, has been over-  
drawn \$1,318.

TAXING LOSSES  
VERSUS PROFITS  
SUBJECT OF TALK

C. W. Hazelett Will Speak  
At C. Of C. Banquet  
Thursday Night.

The announcements are out for the  
first winter meeting and dinner at  
the Chamber of Commerce rooms at  
6:30 p. m. Thursday. It is anticipated  
that this occasion, in addition to the  
social get-together feature of it and  
good dinner, will provide food for  
thought through the speaker, C. W.  
Hazelett, president of the Hazelett  
Battery Manufacturing company,  
Cleveland.

His subject will be "Taxing Losses  
Versus Profits."

Merchants, manufacturers, bank-  
ers and persons of all trades and oc-  
cupations who pay taxes will be inter-  
ested and instructed, and perhaps  
amused with Mr. Hazelett's unique  
subject and his clever way of hand-  
ling it. An excessive tax may sound  
over, even to the secretary of the  
treasury.

Mr. Hazelett is an experienced  
chemical and electrical engineer with  
a hobby for industrial and economic  
affairs. He is a friend and college-  
mate of Charles W. Whitehair, whom  
many members of Chamber of Com-  
merce will recall as delivering an ad-  
dress on his World War experiences  
while with Gen. Attenby when he cap-  
tured Jerusalem.

This coming meeting is deserving  
of a large attendance of members,  
who can bring guests, also others  
who are interested may come.

Another feature of the evening  
will be a radio concert between 8:30  
and 9 p. m., when Prof. William F. E.  
Gurley will broadcast two original  
poems from the Chicago News broad-  
casting station. Gurley, a professor  
of geology, was a classmate of W. L.  
Deming of this city at Cornell uni-  
versity.

In order to complete the speaking  
program before this concert, it will  
be necessary to start the dinner  
promptly at 6:45 p. m.

TERRIFIC GALES  
OVER ATLANTIC;  
SHIPS IN PERIL

Halifax, N. S., Jan. 9.—Terrific  
gales are raging over the north At-  
lantic and fears were felt here today  
that the American schooner F. M.  
Nicholson with all on board is lost.  
The vessel sailed from Port Au  
Basque for Curling ten days ago and  
has not been heard from since.

The United States coast guard cut-  
ter Tampa put into this port after  
battling gales for ten days. She took  
on board oil and provisions. During  
the storm the cutter picked up and  
started to tow the derelict Governor  
Parr, but the storm became so severe  
that the hawsers were cut.

ATTEMPT TO KILL  
GREEK PRESIDENT

Former Premier Venizelos  
Given Poison, Athens  
Dispatch Says.

London, Jan. 9.—An attempt has  
been made to assassinate former Pre-  
mier Venizelos of Greece with poison,  
according to a dispatch received here  
today from Carlsbad, quoting advice  
received by newspapers in that city  
from Athens.

Venizelos was stricken last Satur-  
day just after being elected president  
of the national assembly at Athens.  
Venizelos' illness first was  
diagnosed as heart weakness. Later at-  
tending physicians stated he was suf-  
fering from ptomaine poisoning.

The Greek statesman has been one  
of the outstanding figures in Euro-  
pean statescraft since the war. After  
former King Constantine was exiled  
last year Venizelos became a volun-  
tary exile and lived in Paris until a  
fortnight ago when he returned to  
Athens at the request of the Greek  
revolutionary committee.

Grand Juror Changes  
His Mind, Appearing  
For Duty In Lisbon

Lisbon, Jan. 9.—"I don't think I  
will be able to come down today on  
account of the illness of my wife," a  
grand juror telephoned the court  
house Tuesday.

As the message was being received  
14 other members of the jury were  
walking about the court rooms and  
the lobby of the second floor of the  
court house.

Thirty witnesses summoned for  
Tuesday were in court ready to tes-  
tify.

"You had better get into Lisbon as  
soon as you can, otherwise we'll send  
Sheriff Gomer Lewis after you and  
then you will come," this juror was  
advised by telephone.

After waiting two hours the juror  
appeared on the scene.

MEDICAL SOCIETY  
HONORS DR. MILES

Dr. F. T. Miles of Salem was re-  
elected president of the Columbiana  
County Medical Society during a

the parlors of the Lisbon Presbyter-  
ian church Tuesday afternoon.

tary-treasurer, Dr. T. T. Church, Sa-  
lem; corresponding secretary, Dr. P.  
C. Hartford, East Palestine; delegate

George, Salem; alternate, Dr. C. H.

gical Treatment" was the subject  
of a paper presented by Dr. Harry G.  
Sloan of Cleveland, a noted physician  
of that city. The lecture was illus-  
trated with slides.

LACK OF FUNDS  
TO CLOSE MANY  
STATE SCHOOLS

Columbus, Jan. 9.—Schools in some  
of the 200 districts in Ohio facing  
serious problems because of lack of  
funds on which to operate the remain-  
ing eight months this year, may be  
compelled to close, unless relief from  
some source is obtained. It was an-  
nounced today by Vernon Reigel,  
state director of education.

These schools include those in Co-  
shocton, Alliance and Martins Ferry.  
Defiance refused the school levy in  
the November election as did 217  
other school districts, while 221  
voted for school levies.

SENATOR WANTS  
LOBBYIST PROBE

Senate Resolution Asks  
Investigation Into  
Propaganda.

Washington Jan. 9.—Torn by dis-  
sen- sion split into small factions, the  
turbulent 65th congress stood today  
on the verge of plunging into an  
abyss of investigation whose depth  
is unestimated.

Pending before the senate is a  
resolution fathered by Senator Reed,  
Democrat, Missouri, calling for an  
official investigation by a committee  
into the lobbying and propaganda  
which it is charged members of con-  
gress are being subjected in behalf  
of various legislation pending and  
proposed.

Jealousy today among both Repub-  
licans and Democrats developed the  
belief among senators that the reso-  
lution should pass. Once it does,  
and if it does, the result will be a  
field day for airing all the grievances  
of the factions in congress, with the  
possibility that the probe may un-  
cover some political dynamite.

Call General Strike  
Dusseldorf, Occupied Germany, Jan.  
9.—A general strike was proclaimed  
here today, tying up all industry.

The condition of John F. Tescher  
is reported much worse Wednesday.  
He is ill at the home of his daughter  
Mrs. A. H. Kennedy, McKinley ave.

TWO DIE, 40 HURT  
AS TRAINS CRASH

Passenger Trains Collide  
Head-on Near Houston  
Last Night.

Houston, Tex., Jan. 9.—Two were  
dead and physicians held little hope  
today for the recovery of two of the  
40 persons injured when Missouri,  
Kansas and Texas passenger trains  
No. 23 and No. 26 crashed in a head-  
on collision at Hillendahl switch,  
near here, late last night.

Engineer Ed De Rossett and Fire-  
man Edward Sullivan of No. 23, were  
instantly killed. The crew of the  
other train, Lee Thompson, engineer  
and Charles Deckhart, fireman, were  
injured, but not fatally.

Both trains operated between Gal-  
veston and St. Louis. The engines,  
a baggage car and two mail cars were  
demolished.

Confusion of orders was responsi-  
ble, it was said.

SKATERS DROWN  
IN MEYERS LAKE

Canton, Jan. 9.—The bodies of El-  
mer Reimer 19, and Howard Delin-  
key, 18, well known football and base-  
ball stars of Canton, were recovered  
from Meyers lake early today. Both  
boys broke through the thin ice Mon-  
day night but no search was started  
until their parents, worried by their  
24 hour absence from home, notified  
police.

of alleged outlaws were today hold-  
ing at bay a posse of over 100 offi-  
cers and men at Fruiter, near Se-  
leino.

SAYS MODERN DRAMA HELPS  
SOLVE SOCIAL PROBLEMS

Modern drama is one of the great-  
est aids in solving social problems  
of the day, Lawrence P. Drennen,  
instructor in public speaking at Sa-  
lem High school, told members of the  
Rotary club Tuesday noon at their  
meeting in the Elks home.

All good plays deal with moral,  
ethical or social problems, Mr. Dren-  
nen declared, and they have their ef-  
fect in molding public opinion. Plays  
presented at the High school are se-  
lected with a view to impressing  
some vital lesson on the students  
who participate, as well as on the au-  
dience, he said.

Next week Atty. R. W. Campbell  
will speak to the Rotarians on the  
subject, "Wills." C. S. Carr will be in  
charge of the program the week fol-  
lowing.

## The Bok Peace Plan Contest

MR. BOK says in an article in the current Atlantic Monthly that his hope in arranging his peace plan contest was to make people think about the subject. His main object was to arouse popular interest in the question and this is why he offered the \$100,000 prize, to dramatize the effort, as he expresses it. He seems to have been quite successful, for much has been said and written about the project and no fewer than 22,165 persons actually entered the competition.

Mr. Bok sensibly regards the contest only as one short step toward building up an irresistible popular sentiment against war but he cherishes the hope, he says, that the ideal at least will become the idea. Surely we cannot expect that a system for promoting peace will be worked out very satisfactorily if the general public is not particularly interested. It is by arousing this popular interest that Mr. Bok is endeavoring to serve the country and the world.

The winner of the contest has formulated his plan apparently with the idea of making it acceptable, if possible, to the United States senate as at present constituted. Not a mere bright vision but a measure of practicality apparently was in his mind. He does not advocate our joining the League of Nations at present but merely our greater co-operation with it. He favors, substantially, the reservations most earnestly pressed in the fight against the ratification of the League covenant in the senate.

He specifies that the United States shall accept no responsibilities under the treaty of Versailles unless congress in each particular case authorizes the assumption of such obligations. He is for our adherence to the world court and for the safeguarding of the Monroe doctrine. He emphasizes his opposition to our becoming involved in questions of foreign politics or internal administration.

In short, he has selected his materials carefully from the wealth of world peace propaganda at hand and put together a program which it is conceivable might be accepted by the senate if popular sentiment should be aroused and press for it.

No system can assure world peace. People must not expect too much of international laws and agreements. Neither isolation nor internationalism can bring the desired result. The real hope of world peace lies in the evolution of human nature, a slow process. But human nature would never evolve toward higher and better things if it did not think about them and aspire and try.

That is the value of the Bok peace plan contest. It makes more people think seriously about the folly and wickedness of war.

## 20 YEARS AGO

(Issue of Jan. 9, 1903.)

The Chain Brothers Minstrels will give its initial performance next Monday evening at North College town.

The first game of basketball for Salem this season will be played to night at the headquarters of the Salem High School Athletic association on Main st. It will be between the first and second teams of the High school.

Some snow track speeding on Lincoln ave. Friday afternoon in which several Salem horses participated was witnessed by a good sized crowd. The horses were owned by Frank Eckstein, W. D. King, Will Bonnell, Walter Barnes and F. R. Matthews. Mr. King won in the contest which developed between his horse and Bonnell's.

A common subject of complaint among touring automobilists is the lack of any visible sign or distinguishing mark of the small towns or villages. The American Motor league will attempt to improve this condition during the coming year.

The Pennsylvania station in this city will have a new and better system of lighting.

The McKinley Republican club of Alliance is being organized. It is modeled along similar lines to the M. A. Hanna club of Salem. Silk hats and umbrellas will be uniform features. Some complaint is made of sportsmen hunting foxes at this time of

year with dogs and guns which is against the law.

Every state in the union, except Delaware, has provided for an exhibit at the St. Louis World's fair. At Lisbon Thursday a marriage license was issued to John P. O'Neil, Salem and Agnes Cunningham, of East Palestine.

## FAMOUS DIAMOND IS BOUGHT

Englishman Obtains the "Princess Mary," Which Was Saved From the Bolsheviks.

Carried to England from Russia at the time of the Bolshevik revolution, the mystery diamond known as the "Princess Mary" has at last changed hands, the purchaser being a resident in the north of England. The price paid has not been divulged, but its late owner, Gordon Nathan, last year withdrew the diamond from auction, as the highest bid did not reach \$10,000. The diamond is a stone of yellow tint, with a Maltese cross on the back, and was named the "Princess Mary" because before her wedding a proposal was made to present the stone to her. It weighs 44 karats and is thus almost as large as the famous Hope diamond. Mr. Nathan thinks the value of the stone will appreciate, and says: "So long as the currencies of Europe continue to fluctuate, diamonds will remain the safest investment. Diamonds I sold 25 years ago at \$80 a karat are today worth \$350 a karat. I don't know of anything else which has increased in value to that extent."

St. Louis Shaft to Laclede. Pierre Laclede, founder of St. Louis nearly 160 years ago, like De Soto before him, died on the Mississippi river. He was buried on shore somewhere near the mouth of the Arkansas, but companions who went later to disinter his remains found that the river had washed them away, giving Laclede his last resting place in the body of water which had been so closely associated with his life, says the Detroit News.

Laclede, a native Frenchman, sold his chateau in the shadow of the Pyrenees to acquire the means to come to the New World. He went first to New Orleans, where he fought in the Colonial wars. Then he sailed up the Mississippi to find a location for a trading post, and coming upon this site, knew that his quest was fulfilled.

A monument to Laclede's memory was recently unveiled in St. Louis.

## Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 14 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## Blowing Out Devils.

In Zululand, South Africa, native doctors collect rich fees by blowing into the ears of their patients to cast out evil spirits. The medicine man seats the victim on the blanket floor of the outdoor surgery, after announcing that he is to dispel the wicked demons causing sickness. He places a horn to the patient's ear and blows. The horn generally makes a bad face, cries "enough," and, being convinced that he has been cured, is troubled no more. In severe cases herbs are used as a remedy when the horn is not effective.—Popular Mechanics Magazine.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

## DONAHEY DECLARES FOR SECOND TERM

Governor Announces Plans At Jackson Day Dinner In Columbus.

Columbus, Jan. 9.—Gov. A. V. Donahey last night officially became a candidate for re-election to the office which he has held for exactly one year.

In the course of a speech delivered at the annual Jackson day dinner at the Franklin county Democratic club, he announced his candidacy for re-election on the Democratic ticket and said in effect that he expected to be returned to office.

His brief announcement was made in these words:

"One year ago today the mantle of democracy worn by Governors Campbell, Patterson, Harmon and Cox was thrown across my shoulders and I expected to return it to the Democratic party of Ohio three years from today, clean and untried."

While it had been regarded as certain that the chief executive would seek a second term, last night was his first public statement in regard to his candidacy. He has the field himself, no other Democrat having yet made a definite announcement.

Two Leaders In Mexican Revolution.

Gen. Guadalupe Sanchez, commander-in-chief of the de la Huerta revolutionary troops in Mexico, is given credit for being the brains of the revolt. He is ably seconded by Gen. Lopez de Lara, former governor of Tamaulipas, now in control of the valuable oil regions.

## SAGE TEA BEAUTIFIES AND DARKENS HAIR

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound," at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a purpose awaiting them, because after one or two applications the gray hair vanishes and your looks become luxuriantly dark and beautiful.

This is the age of youth. Gray haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

A SUCCESS STORY.

The secret of nature's success is patience. A naturalist may go out into the woods to study the birds. He may walk and walk and walk and see no birds. But let him sit down on a log and wait, and lo! the branches are full of song. Those who pursue success never catch up with her. Success takes time at pursuit and avoids the speedy pounce. "Seekest thou great things? Seek them not," but, "Seek ye first the Kingdom of God and His righteousness and all other things shall be added unto you."—Nellie Ripley Harris in Nauticus.

## HEAD COLDS ENDED BY HEALING BALM

If your nostrils are clogged and your head is stuffed because of nasty catarrh of a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more yawning or sniffling. Count a fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.

## BANKER-FARMER MEETING NOTES

A conference of bankers and farmers of the Fifth Federal Reserve District held recently at Raleigh, North Carolina, under the auspices of the American Bankers Association Agricultural Commission, adopted the following principles:

"In order to encourage and promote a safe, sane and constructive system of farm practices, the Banker and Farmer Conference of the Fifth Federal Reserve District would make the following recommendations with reference to the activities of farmers and bankers on which to concentrate efforts during the coming year:

"1. Encouragement of loans by bankers to bright and deserving young men and young women who wish to go to college to study agriculture and home economics.

"2. Promote in a rational and conservative way the economic increase in the productivity of the soils of the district so that a larger unit of crop production may be secured. Small unit yields of necessity are expensive while moderate to large yields of crops are generally the cheapest. Larger yields per acre coupled with a reduction in the acreage, when advisable, should and usually will be more profitable and when handled properly will not lead to an over-production.

"3. Encouragement of a proper system of diversified farming in which farmers will grow as far as practical all the food and feed crops necessary for feeding the family and livestock of the farm, and to keep on the farms the requisite kinds and amounts of livestock best to meet the economic needs of farming.

"4. To formulate and put in motion definite plans for carrying out this program, it is urged that the Agricultural College of the District put a county agent in every county and that a banker-farmer conference be called to meet early in the fall at the agricultural college of each State."

## NATION'S SAVINGS PLANT TRIPLED

Savings banks and banks having distinct savings departments, not counting branches, have grown in numbers in the United States from 5,376 in 1912 to 16,709 in 1922 or an increase of about 210 per cent in ten years, says the Savings Bank Division of the American Bankers Association. Savings deposits, it is pointed out, now comprise about one-half of all bank deposits of every description.

Air Camera Helps Fix Boundary.

The aerial camera may fill an important role in determining the long-disputed boundary between Colombia and Venezuela. The Swiss commission of experts charged with settling the question have photographs that cover 2,000,000 acres of the wildest part of the territory concerned. The photographs clearly show even the most minor details of the ground and make it possible to draw an exact map of the system of watersheds and allow the placing of all the elevations, even those which until now had never been seen. It took only about 25 hours in the air to make the pictures.

## OHIO IS LEADING CONSUMERS OF GAS

This State Uses Most For Domestic Purposes, U. S. Reports.

Columbus, Jan. 9.—Ohio is the leading state in the union in the use of natural gas as a domestic fuel, but in total consumption Pennsylvania now leads because of the immense amount used in that state by industries, according to figures made public today by the Geological Survey.

The report shows that Ohio is almost completely dependent on natural gas as domestic fuel. In 1922 this state consumed 116,127,000 cubic feet of natural gas, while it produced but 51,481,000,000 cubic feet.

Of the total amount of gas used, domestic consumers to the number of 984,300 used 84,176,000,000 cubic feet.

There are almost twice as many individual users of natural gas in Ohio as there are in any single state in the union. The total number in the entire country is 3,014,600, scattered over 23 states.

During 1922 the country as a whole consumed 762,546,000,000 cubic feet of natural gas, which is 15 per cent more than the quantity used the

year previous, but 4 per cent less than the record year of 1920.

## LISBON NOTES

No Funds to Pave Streets

It is not likely that any street surfacing will be done in Lisbon this year on account of the financial condition of the village. This fact was made known at a meeting of the council Monday night, when the new body organized.

Dr. John Steel was elected president. Bonds of all corporate officers were approved.

The appointment of H. L. Lewton as policeman was approved. Mayor Frank Albrecht also filed his bond with the council.

Hereafter coal sold in Lisbon will be by weight, instead of by the wagon load. An ordinance was passed by the council at the suggestion of County Sealer of Weights and Measures William Barr, requiring drivers of wagons and trucks to have a slip showing weights of their loads in their possession at time of delivery.

Burned By Steam

Mrs. J. L. Holton of East Lincoln Way was severely burned by steam and hot water when a frozen radiator pipe in her home exploded Monday afternoon. A plumber was inspecting the piping in the home at the time and Mrs. Holton was sitting near a radiator when it exploded. The steam and hot water struck her on the side, burning her through her clothing.

## OBSERVE GOLDEN WEDDING FETE AT SON'S HOME

Mr. and Mrs. John Kircher, aged 73 and 75 respectively of Franklin Square, celebrated the 50th anniversary of their marriage Monday at the home of their son and wife, Mr. and Mrs. Robert Kircher, Beechview, Pittsburgh.

For this happy event the honorees were surrounded by about 35 relatives including their five children, grandchildren and great-grandchildren.

The home was beautifully decorated in yellow and the table at which the dinner was served was made attractive with the same tone. At the table at which the bride and groom of 50 years sat, were 10 of the older relatives including a brother of Mrs. Kircher, Rev. Frank Davis of Barberton. Some of these attended the original wedding.

Rev. Mr. Davis gave a talk fitting to the occasion and three readings were given by Mrs. Ruth Porter, a

granddaughter. Ralph Kircher of Salem, a grandson, who is well known in musical circles in this city, gave violin selections. Mrs. Kircher wore a pretty creation of black satin and gold lace and her corsage bouquet was of yellow roses.

The children are: Mrs. H. A. Richey, Mansfield; Mrs. George Dolan, Fresno, Calif.; Mrs. George Auday and Robert Kircher, Pittsburgh; and William Kircher of Salem.

John Kircher and Emma Davis were married in Allegheny, Pa. Mr. Kircher was a shoemaker by vocation. They lived at Unity, near East Palestine for a time and then at Franklin Square for a number of years and then moved to Pittsburgh. About six years ago they returned to Franklin Square and are widely known in that vicinity.

Saturday they will leave for Mansfield to spend some time with their daughter, Mrs. Richey.

### Travelers Club

Miss Marion Campbell, a student at the Girls' Seminary in Washington, Pa., sang a group of three songs at a meeting of the Travelers Club Tuesday afternoon at the Chamber of Commerce rooms. She was accompanied by Mrs. A. W. Stoner. Mrs. W. H. Matthews was the program leader, assisted by Mrs. J. D. Campbell and Miss Rebecca Jones.

Miss Campbell offered a piano solo, "Bjorah," by Janowski. Rev. H. L. Miller, pastor of the Christian church, gave a review of a one-act play, "Rider to the Sea," by Sygne. In his introductory remarks Rev. Miller told of the location in which the play was written, of the country and the habits of the people.

The annual business meeting will be held at a session in one week.

### Unity Bible Class

Under the management of A. H. Fultz the men of the Unity Bible class of the M. E. church served a fine supper Tuesday evening at the church at which members of the official board and their families were invited guests. Over 100 were present. A program added interest and these numbers were given:

Readings: W. L. Holwick; reading, Miss Marie Fidler; vocal solo, Mrs. Charles Cornwall and Lena Fay Naragon. Talks were given by Jacob Culp, Mr. Holwick, Roy Harris, Fred Gibbons and Charles Cornwall.

### Queen Esther Circle

Miss Dorothy Flick was the leader and gave a talk on the subject, "Southern Homes," at a meeting of the Queen Esther circle of the M. E. church Tuesday evening at the home of Miss Ethel Shears, Jennings ave. ## Girls! Use Lemon To Whiten Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orichard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quart of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It cannot irritate. Famous stage beauties use it to bring that clear youthful skin and rosy-white complexion; also to soothe red, rough or chapped hands and face. You must mix this remarkable bleach yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

## REDS, REBUFFED, MAY TRY HARDER

COMMUNISTS ARE EXPECTED TO REDOUBLE ATTEMPTS TO UNDERMINE OUR GOVERNMENT.

By EDWARD B. CLARK

Washington.—As a result of the sharp rebuff given by the State department to the effort of the Russians to secure soviet recognition, it is expected in Washington that there will be increased activity on the part of the agents of communism in their propaganda to undermine the constitutional institutions of this country.

The following extract from the reply of Secretary Hughes to Russia's bid to open negotiations with this country is sharply salient: "The most serious is the propaganda to overthrow the institutions of this country. This government can enter into no negotiations until these efforts directed from Moscow are abandoned."

From time to time attention has been called to the nature of the Russian propaganda in this country. Men who write about it have been called alarmists, reactionaries, hatters of liberty, and some things not so nice by half. The truth has been known in Washington concerning the attempts of communism to seduce Americans from their allegiance to the government as constitutionally organized. The President, the secretary of war, the secretary of the navy and the attorney general have had definite knowledge of the Russian efforts to do this country wrong, but the American people seemingly have paid little attention to stories of the propaganda within the country.

Men in Congress Blamed.

It has been almost impossible for American organizations that are alert to the danger and for the government itself to make the masses of the people believe that these attempts to work evil have had any basis except rumor. The main difficulty has been the fact that a considerable number of senators and representatives in congress have preached Russia's cause in and out of session.

So far as the authorities are concerned, the feeling seems to be that the people have said to themselves: It must be impossible that Russia is trying to undo this country as long as the former has so many high and good friends, "reasonable and sincere men of all of them," in the congress of the United States.

It was only a few weeks ago that the American Defense society made an announcement which was based on the results of close study and investigation. The society said that \$3,000,000 had been spent in three months in the United States by the soviet government of Russia in an effort to inculcate the doctrines of communism in Uncle Sam's backyard.

There seems to be no doubt at all that the government authorities believed in the truth of the society's assertion. The President, in his message, said in effect that Russia could hope for proper relations with the United States only when it had brought forth works more for repentance. The note of Secretary Hughes to the soviet government is exactly in line with the President's pronouncement.

Navy and Army Attacked.

Sometime ago Secretary of the Navy Donahy said publicly that attempts were being made by communists, influenced by the Russian thought, to draw men of the United States navy away from their allegiance to the constituted authorities. Secretary Weeks also called attention to certain dangerous activities which were manifest in the field of attack on the army of the country.

Naturally the Department of Justice is the one place where it is impossible to get definite information concerning Russian propaganda matters, but it is known that the agents of the department are alive to the situation and it is, of course, virtually certain that the information which the other departments of government received concerning the situation is given directly to them by the agents of Attorney General Daugherty's office.

The representatives of several of the societies whose volunteer duty it is to help safeguard American institutions feel that they have been vindicated in the public mind for their aggressiveness and their insistence that many agents were at work in this country, by the official support which their efforts have received in written form from President Coolidge and from his secretary of state.

The abuse which has been heaped on Americans who, through organization, have been trying to safeguard the country's institutions has been constant. Ridicule is a sharp and frequently an effective weapon. Attempts to ridicule the defense organizations out of existence have been continuous. The officers of the organizations, however, have stood to their guns and today it seems that vindication has come to them for their courage of conviction.

## DISORDERS STIR BRITISH COMMONS

London, Jan. 9.—Disorders broke out in the house of commons, when Jack Jones, a laborite declared that the phrasing of King George's message approving the election of J. H. Whitley as speaker "was an insult to the members of commons."

The king's message had been read in parliament yesterday. Jones tried to raise a point of order but Speaker Whitley ruled that he was out of order. This was the first definite move made by the Laborites against the Tory government. It is expected that every opening from now on will be utilized by the Laborites for an attack.

The scene today was marked by angry outbursts on the part of both parties in the dispute. In contrast with the good natured shouting yesterday.

## Diphtheria And Scarlet Fever Prevalent In County

By M. K. ZIMMERMAN  
Lisbon, Jan. 9.—Four families in Knox township are under quarantine for diphtheria. When a complete report of conditions in this township is filed with County Health Commissioner T. T. Church by Dr. A. R. Hobbs of Knox township, it will then be disclosed just how serious the disease has been in that township.

An official statement issued today by Dr. Church showed there were 1170 cases of diphtheria reported in Ohio during November, according to the December state health report, and 14 of these were listed in Columbiana county, with the majority of the cases found in Knox township.

In November, there were 14 cases of diphtheria reported in East Liverpool together with 13 cases of scarlet fever. Only one case of typhoid fever was reported from East Liverpool in November, according to Dr. Church.

In Columbiana county, however, the county health commissioner has records showing 22 cases of scarlet fever during November, including the last of the November reports received during December and just tabulated.

But one case of diphtheria was reported in Salem in November, this report shows, and but two cases of scarlet fever.

Wellsville had more scarlet fever in November than any other community in the county, nine cases being reported out of a total of 22 in the county.

There was but one case of smallpox in the county during November. "There is an epidemic of smallpox in Muskingum county, and in and about the Zanesville district," Commissioner Church has revealed, "and there are 45 such cases in the Youngstown district. The prevalence of smallpox at this time indicates the need for an intensive campaign of vaccination."

In December there were 13 cases of diphtheria reported in Columbiana county to Commissioner Church and 13 cases of scarlet fever from East Liverpool.

Strong effort is now being made to clean up the diphtheria situation in Knox township, which has been pronounced one of the worst experiences in the county for years.

## REPORTS DEMAND FOR DOG LICENSE

The demand for dog licenses this year is more active than the office of Deputy Auditor Randall Hamilton experienced a year ago. Although the law provides that licenses for the new year shall be taken out before Jan. 1, this seldom happens, owners

waiting until after the first of the year to secure their tags.

Up until the opening of business Tuesday morning, 270 tags had been issued.

Deputy Sheriff B. F. Lollins will give dog owners until the month end to secure their licenses and then a general canvass of the county will be made to compel these owning dogs and who have not secured licenses to either get new tags, or else pay the penalty as prescribed by the law.

## COLORS INDICATE NATURE OF CASE

Lisbon, Jan. 9.—Anybody acquainted with the filing system in vogue in the office of Clerk of Courts John T. Burns can tell at a glance just what kind of a case is contained in a

"jacket" or the envelope used in the clerk's office for filing cases.

Red—the signal of danger, is the color of the "jackets" used for filing cases that are to go before the grand jury. These are commonly known as criminal cases.

Green—the sign of caution, but alas it is in this class of "jacket" the pleading for divorce are filed. Manila tinted "jackets" are used for filing the pleadings in all civil cases.

Therefore, look at the "jacket" and you know what kind of a case is contained within its folds.

Madrid—The directory today suspended the Magazine Actualidad Financiera for criticizing the government's merchant marine policy. The proprietor was expelled and the author will be tried.

Amsterdam—Queen Wilhelmina today refused to accept the resignation of the Dutch cabinet.

Tree Surgery is intensely interesting. It is professional work of high standing and dignity, and develops a fine scientific knowledge that is invaluable.

It offers robust health—outdoor work in the fresh air and sunshine, with properly balanced exercise. It is the ideal profession for the young man who wants to get away from the grind and monotony of indoor work. It is a wonderful physical developer.

The pay is good at the start and the opportunity for advancement is unusual. There is plenty of room at the top for good men. Work with the Davey Company offers an unusual chance to travel and see many parts of this country, with carfare paid by the company from one place to another.

## MORE VALUE

~ than in any closed car!

New Four  
Door Sedan  
\$1395

F. O. B. Cleveland

—This Cleveland type was great value at \$1545. More impressive than ever is the new 1924 model at \$1395.

For 1924, Cleveland announces the biggest closed car values ever offered to the public.

Two new sedans are presented at prices heretofore never achieved by any builder of quality sixes: \$1295 for the 5 passenger sedan; and \$1395 for the luxurious four door model.

## Bodies by Fisher

The bodies which reflect Fisher's unmistakable mastery in the coach builder's art, represent a welcome departure from the makeshift construction that many manufacturers are satisfied to sponsor.

Thirteen painting operations produce a deep, rich, enduring color finish. Carefully selected plush, beautiful and long wearing, is used for upholstery. The seats are deep, soft, lounge-like, and restful. Generous interior dimensions and skillful seating

arrangement preclude the crowding so frequently experienced in sedans of moderate price.

## Performance Supremacy

Even though they carry the lowest prices ever placed on enclosed cars of similar specifications, Cleveland 1924 sedans are notable for the performance supremacy produced by the new Cleveland motor.

Its extra power in the driving range is responsible for amazing performance brilliance. No light six equals or even compares with the Cleveland's thrilling speed on hills or its alert, smooth, silent response to the accelerator in traffic.

Do not fail to see these dominant closed cars! Combining the sound appeal of a rugged chassis, the attraction of snappy, modern lines and the charm of spacious interiors luxuriously finished, they merit the single inspection that will reveal the matchless values they offer!

## Crossroads of Conversation

Could the telephone directory in the hands of each subscriber be revised from hour to hour, there would be no need for the information operator. But the directory cannot at one time list all subscribers. Even during its printing and binding, thousands of changes take place in the telephone community. New subscribers are added to the list. Old ones move their places of business or of residence.

Though their names are not listed on the directory, these subscribers must be connected by the highways of speech with all others in the community. To supplement the

printed page, there must be guides at the crossroads of conversation.

Such are the information operators, selected for their task because of quickness and accuracy, courtesy and intelligence. At their desks, connected with the switchboards in central offices, they relieve the regular operators from answering thousands of questions about telephone numbers that would otherwise impede the rendering of service. If they are asked for numbers already in the directory, service is retarded.

"Information" stands for the most complete utilization of telephone facilities.

## DEMPSEY READY TO MEET ANYONE CHAMP ASSERIES

Milford, Pa., Jan. 9.—Jack Dempsey today denied any knowledge of arrangements for a fight with Tom Gibbons.

"My manager is in New York and he would have consulted me before completing any plans," the heavy-weight champion said. "I wish the report were true. I am ready to fight anybody—Gibbons or Firpo. In fact, I am ready to start at the word go."

Dempsey is not doing any particular training here but is "just resting." He will be here three weeks according to his present plans.

After being welcomed to the city by thousands, he consented to take part in a few exhibition bouts if they can be arranged.

## 300 ON OLYMPIC TEAM GOING TO PARIS IN JUNE

New York, Jan. 9.—The American Olympic team, 306 strong, will sail for Paris on the steamship American on June 16, according to a statement made public today at the headquarters of the A. A. U.

Charles Padleck, whose name at present is tacitly taboo in official circles, will be a member of the team. It is said by reliable though unofficial sources of information.

Charles, of course, must first make good in the Olympic tryouts to be in the Harvard stadium June 14, but that is regarded as a mere formality.

## Celtics, Champion Case Five, Plays Youngstown Team

Youngstown, Jan. 9.—Next Monday night a great basketball attraction will be staged at the Rayen Wood auditorium here when the Original Celtics, world champion basketball team, will meet the Travis Pomeroy team in a game which will be only part of a great basketball bill being put on that night.

The other game will bring together two girls' teams in a game for the championship of girls playing boys' rules when the Smith McDonald Girls known as the Aces world's champion girls' basketball team meets the Lisbon Girls' team, strong contenders for the title.

## Ohio Gains Fame As Home Of Many Football Leaders

Is Ohio the home of football captains as well as presidents?

The latest addition to the gridiron family who hail from this Buckeye state is Edmund B. Taylor, Lima star end on the Navy team, who has been elected captain of that eleven for 1924.

Ohio produces some wonderful football men. Many of its high school stars bring fame to Ohio that will never be erased. Just a few of the Buckeye leaders are Harry Pfann, Stein brothers, Petcoff, Huffman, Herb Davis and had we the time the names of a hundred prominent men could be added.

## SMITH'S RELEASE FROM BIG LEAGUE MYSTIFIES FANS

New York, Jan. 9.—Considerable mystification was expressed in baseball circles today over the details of the Yanks' deal for outfielder Earl Combs, whereby Emer Smith is to go to Louisville in part payment for the player.

Pow can understand how a man of Smith's ability could have been waived out of both major leagues, since he led the American league in pinch hitting last season with an average of about .500 and played fine ball in the field. His batting when used as a regular, was well above the .300 mark.

"It looks to me as though a few managers guessed wrong in believing that we offered Smith at the waiver price as a 'feeler' for a deal," said Ed Barrows, business manager.

## WILLS IS SIGNED FOR THREE BOUTS

New York, Jan. 9.—The definite signing of Harry Wills and Burt Menden for Newark, N. J., on Feb.

4, after weeks of dickering, means that the negro heavyweight challenger is to engage in more bouts within a period of several weeks than he appeared in during the entire 1923 season.

Wills also is scheduled to meet Buddy Jackson, another negro, at Rochester on Jan. 18, and Jack Taylor at Hartford, Conn., on Jan. 25.

## TOMMY GIBBONS IS MATCHED FOR FIGHT IN MIAMI

Miami, Fla., Jan. 9.—Tommy Gibbons, contender for the world's heavyweight boxing championship, will fight here Jan. 31. It was announced today by Eddie Kane, Gibbons' manager.

Identity of Gibbons' opponent, the announcement said, will be given out just before Young Scrimble and Mike Nestor start their 12-round bout at Cyclophone here Thursday night. Jack Dempsey, it was learned, has

been invited to occupy a ringside seat.

Columbus—Joseph Thomas Brown, seven-year-old son of Mr. and Mrs. Joshua Brown is dead from burns received when his night clothing ignited from an open stove.

I took my last round of May's Wonderful Remedy two and one-half years ago. Since then I sleep well, eat what I want and feel fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and delays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## A Good One On Grandpa

A hundred years ago this New Years folks burned sperm oil in smoky lamps at a cost of \$2.40 per thousand candle hours. Or they could manage fairly well by the light of tallow candles at \$5 per thousand candle hours.

A. D. 1924, the average American pays 7c to 15c per thousand candle hours for electric light—the most perfect illumination of all. Quite a bit of difference in price, isn't there?

Other living costs may have risen, but illumination is cheaper and vastly better today than ever before.

BRINGING UP FATHER

BY GEORGE McMANUS

ACTIVE CAMPAIGN AGAINST TRUANCY

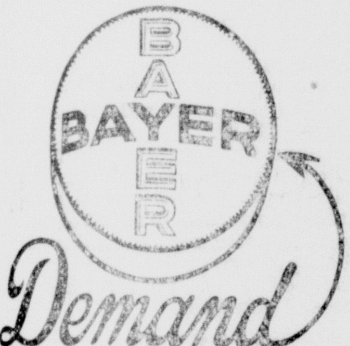

An active campaign against truancy in the rural schools is being conducted by County Trust Officer Ira E. Hassler.

"The law is very plain governing compulsory education," declared Mr. Hassler Tuesday, "and parents must see to it that their children attend school or class, as the statutes provide. Many parents who keep their children out of school, or who show a laxity in spirit in this direction, fail to realize that it is for the benefit of the child that education is made compulsory in Ohio."

During the last few months a number of arrests have been made because parents have failed to see to it that their children attend school, and it is considered likely that many other charges will be preferred under this law before the month end.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin. Bayer Aspirin is the trademark of Bayer Manufacturing of Monocetio-acidester of Salicylic acid.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 48. Aspirin is the trade mark of Bayer Manufacturing of Monocetio-acidester of Salicylic acid.

THEATRES

"The Eternal Struggle" When the new Metro picture, "The Eternal Struggle," appears on the screen at the High School Auditorium Thursday, Friday and Saturday, a new screen luminary—Kenean Adoree, will flash before movie fans. Miss Adoree is a member of a distinguished cast but it is certain her work in this picture will win stellar honors for her.

Miss Adoree is the 23-year-old wife of Tom Moore, the screen star. She is famed abroad for her interpretive dancing and is a brilliant musician and a clever song writer besides.

While Miss Adoree was a dancer on the New York stage she frequently wrote her own accompaniments. Her song "When You Leave Me," had wide popularity.

Many of the thrilling scenes of "The Eternal Struggle" were filmed in northwest Canada. Miss Adoree narrowly escaped death twice—once when caught in the path of the snowslide near Banff, Alberta, and again when her canoe overturned in the treacherous Seymour Rapids.

"The Eternal Struggle" is based upon G. B. Lancaster's novel, "The Law-Bringers." The cast includes Barbara La Marr, Earle Williams, Pat O'Malley and Wallace Beery.

Weds, according to a divorce judge who has tried thousands of divorce cases.

Young people who get married without knowing each other's characters and tastes are doomed to failure, he says, and the majority of those supposedly well mated usually wind up in the divorce courts.

A similar predicament confronts Philip Baldwin and his wife, Marjorie, in the Warner Brothers classic of the screen, "Brass," which will be shown at the State theater Thursday, Friday and Saturday. They marry because they think they are in love. They do not consider their common interests, but rather fling themselves into the matrimonial whirlpool merely through fascination for each other. As a consequence they get on each other's nerves. She hates home life and travels with a fast set and of course he becomes disgusted with her. And they anchor on a bed of thistles.

Monte Bine and Marie Prevost portray the leading roles and other members of the cast include Harry Myers, Frank Keenan, Helen Ferguson, Irene Rich, Miss DuPont and Edward Johnson.

## Vigorous Old Age

WHY separate youth and old age with a deep and ever-widening abyss?  
The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and herbs—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it.

The large size is the more economical.

## YOUR DAUGHTER'S HEALTH

Mothers of Ailing Daughters, Attention

How Two Mothers Helped Their Daughters by Giving them Lydia E. Pinkham's Vegetable Compound

Every mother possesses information of vital importance to her young daughter, and the responsibility for the girl's future is largely in her hands.

When a school girl's thoughts become sluggish, when she suffers the consequences of wet feet, pain, headaches, fainting spells, loss of sleep and appetite and is irregular, her mother should have a care for her physical condition and give her Lydia E. Pinkham's Vegetable Compound, which has proved a reliable aid to nature for just such conditions in so many cases.

First Bottle Helped Her

Richmond, Indiana.—"I am sending this letter to tell you how much good Lydia E. Pinkham's Vegetable Compound did my daughter. She was troubled with nervousness so that she was restless at night, and then she could not sleep and she was afraid of everything. She could not work as she was not strong enough, and she had to quit school at 14 because she was ill so much. The doctor said she had a nervous breakdown and her system was all run down. She had pains in her right side and through her back, and the medicine she took did her no good at all. I saw Lydia E. Pinkham's advertisement in our paper, telling all that the Vegetable Compound had done for other women, so I said, 'We will try it out and see what it does.' She had not taken the first bottle before it began to help her, and we will always say that Lydia E. Pinkham's Vegetable Compound is the best medicine she ever took."—Mrs. E. DABBY, 911 N. 10th Street, Richmond, Indiana.

An Ohio Mother Reports

Columbus, Ohio.—"When my daughter became 14 years of age she was ailing very much. The doctor gave her medicine, but she was very weak, and he always had to write excuses for her as she could not attend the 'gym' classes, and I often had to keep her home from school. I had taken Lydia E. Pinkham's Vegetable Compound for my nerves and run-down condition, so I gave her three doses daily, and also Lydia E. Pinkham's Blood Medicine. Our friends are surprised to see how fine and tall she is getting and how well she is. I will gladly answer letters and give you a fine recommendation for other mothers."—Mrs. MARIE MIELKE, 814 Ebnor Street, Columbus, Ohio.

Over 100,000 women have so far replied to our question. "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" 98 per cent. of these replies answer "Yes."
